POP TAB PROGRAM

Even LITTLE things make a BIG difference!

WHAT ARE POP TABS

Pop tabs are found every time you open up a soft drink, soup can, sometimes you even find them when you feed your pet!

These tabs are recycled & converted to cash based on their weight. This cash helps us provide a "Home-away-from-home" for our families.

WHO CAN COLLECT

Everyone! Collecting pop tabs is perfect for all ages and groups.

Our House encourages families, schools, organizations, businesses, and small groups to collect pop tabs.

WHY COLLECT THEM

- Helps build awareness for our cause
- Promotes recycling
- Encourages teamwork
- Appeals to all ages
- Teaches charitable giving
- Instills a sense of community
- Simple & convenient to start

LET'S GET STARTED

Simply remove the pop tab from the aluminum can & put them in your favorite collection container. Any type of container with an easily removable lid will do!

Decorating your container brings attention to them & reminds everyone to save their tabs!

DROP 'EM OFF

Each group is responsible for delivering their collected pop tabs to RMHC Charleston at **81 Gadsden Street, Charleston, SC 29401.**

Pop tabs can be dropped off at the House seven days a week.

MILLION TABS CLUB

When you reach 1 MILLION tabs collected, you'll be welcomed into our Million Tabs Club!

1 lb equals 1,000 tabs; therefore, 1,000 lbs equals 1 million tabs.

You are responsible for keeping track of the number of tabs you've collected.
