

To our volunteers who embody love and compassion, our dedicated supporters, and the families who place their trust in us—thank you. We're honored to share highlights from the past year, filled with deep appreciation for all you make possible.

Family Story

"Due to pregnancy complications, we made the decision to deliver our second child, Tate, at MUSC Shawn Jenkins Children's Hospital - two hours from our home in Florence. Born at 36 weeks, Tate required immediate medical attention and was admitted to the NICU, where he spent the next two months undergoing four surgeries and numerous tests and scans.

Thanks to Ronald McDonald House Charities of Charleston, our family of four was able to stay together during this incredibly difficult time. We were provided with a place to stay, nourishing meals, and - most importantly - a compassionate community that offered support when we needed it most."

We are grateful to our corporate Business Partners who continue to make a difference through their generosity.

Business Partner Spotlight

"At McDonald's of Charleston, we are passionate about kids and giving back to the community that supports our business. Partnering with RMHC Charleston has allowed us to support their mission of keeping families close in their greatest time of need and directly aligns with our core values of family and community."

From The CEO

As I reflect on this past year, I'm filled with gratitude. Your compassion, time, and support have helped us serve hundreds of families when they needed us most. Whether you volunteered, gave, or shared our mission — thank you. Your impact is truly felt.

This year, we took a bold step forward with our *Expanding Hope* Capital Campaign — our most ambitious effort yet. After years of turning away over 500 families annually due to lack of space, we're expanding. On June 26, we officially broke ground on our Expansion, located next door, beginning the construction preparation of a space that will more than double our capacity.

The new expansion will include:

- Private bedrooms with bathrooms
- Playrooms for all ages
- Kitchens, dining areas, and quiet zones
- Classrooms, laundry on every floor, and outdoor patios
- Every space is designed with dignity and care — shaped by the families we serve and built by a community that believes every family deserves a place to stay during a medical crisis.

Our campaign is well underway, but we still need your help to finish strong. Naming opportunities are available — a lasting way to show your support and love.

Together, we can make sure no family is ever turned away again.

With heartfelt gratitude,

Kathy 'kp' Papadimitriou
Chief Executive Officer

Kp.

Our mission is to provide essential services that remove barriers, strengthen families, and promote healing when children need healthcare. We believe in a world where every family has what they need to ensure the best health outcomes for their children.
